

RoHS Statement

Product identification: ipBLACK™ track-etched membrane filters

This is to confirm that, according to our supplier, dyes used in the products listed above do not contain any of the hazardous substances listed in Annex II of European Directive 2011/65/EU (RoHS) amended by Directive (EU) 2015/863.

Non-compliant RoHS substances are not intentionally used for the production, conversion, and packaging of these products, nor introduced in rooms in which these activities occur.
